

Seth Quest

Loop Light

Introduction

Loop Light was driven by the desire to create a sculptural object using the CNC manufacturing process. Warm LEDs were utilized to provide illumination.

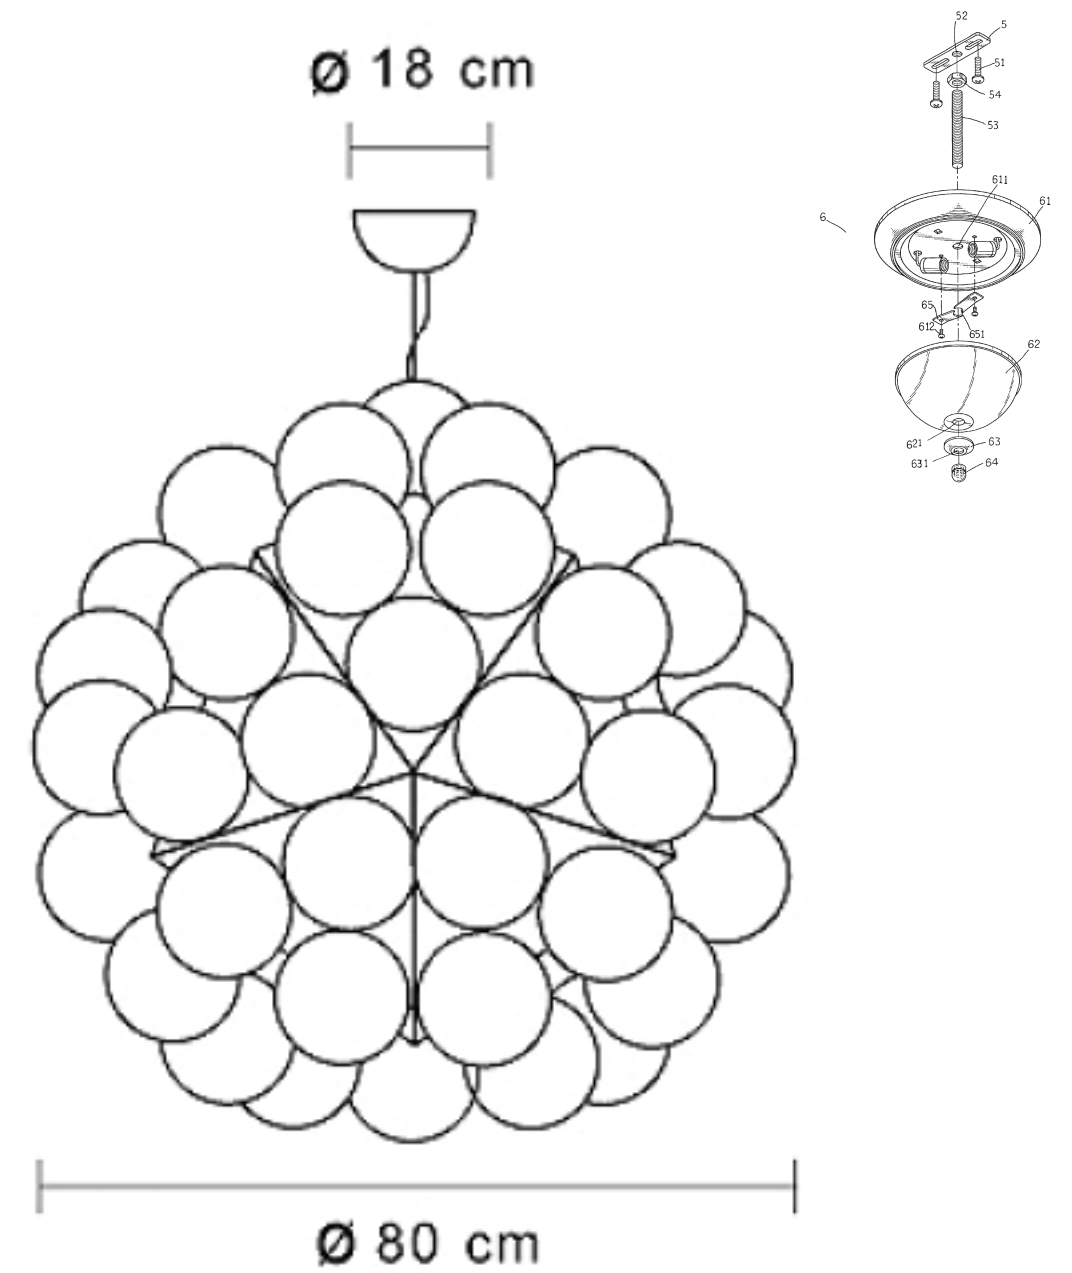

Seth Quest

Loop Light

Product Survey

Most lamps on the market today are made of too many parts. I focused on keeping the design simple and easy to assemble.

Loop Light

Cad Drawings

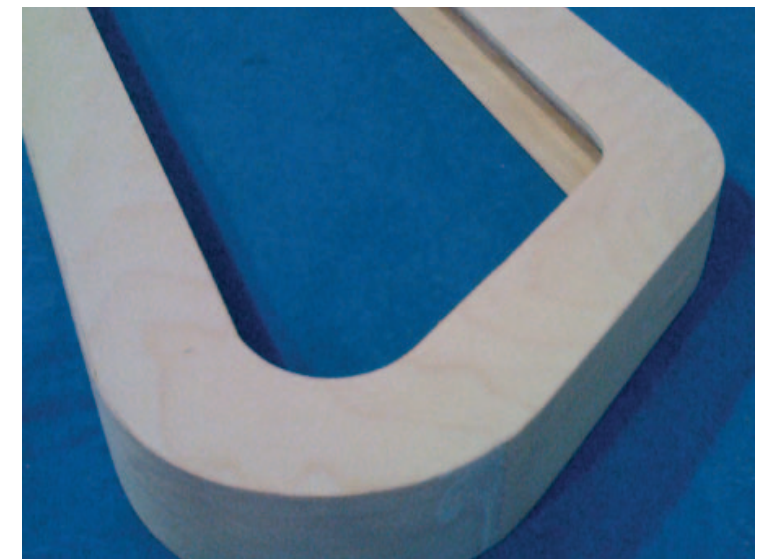

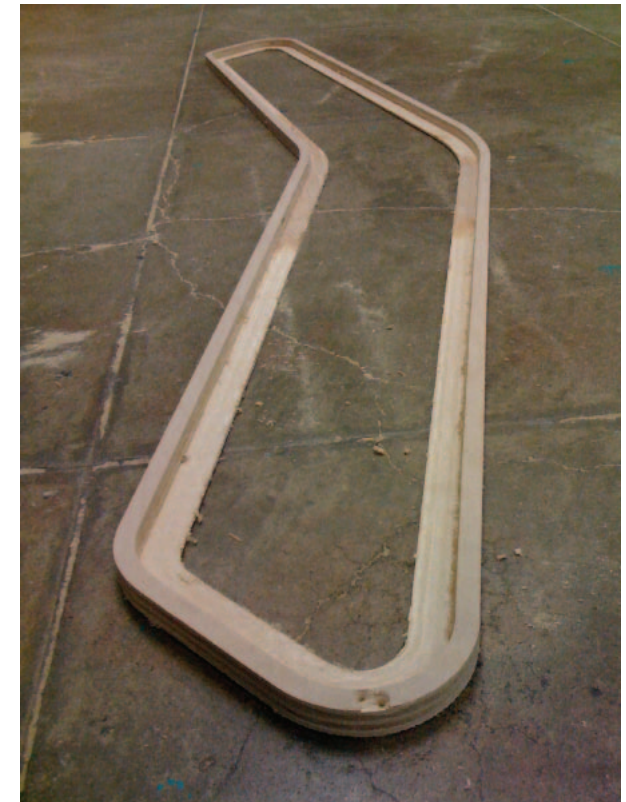

My exploration in Cad resulted in the simplification to one part.

Seth Quest

Loop Light

Prototyping

I chose paper over plastic because it has less impact on the environment.
